

Metal Safe Encaps

Encapsulated Dishmachine Detergent

Detergente para Lava Platos

Description

This product is a 100% active, chlorinated detergent for use in automatic dish machines and equipment washers. Easily dispensed through a “bowl” type dispenser to ensure consistent results, this powerful formula efficiently removes all types of food soils and suspends them for completely spot-free rinsing. Effective for use on glass, china, and plasticware as well as on aluminum, pewter, or other soft metal alloy, it contains a high level of water conditioning ability to prevent scale accumulation so that wash jets, tubing, and fittings operate at peak efficiency. This product contains chlorine to aid in destaining and protein removal.

Directions

- 

1 **Wear safety glasses & gloves**
Usar gafas de seguridad y guantes
- 

2 **Use only with approved dispenser**
Use solamente con el dosificador aprobado
-
